DASARI HARITHA

📞 91+ 8688757949 📍 Hyderabad, India ✉ harithadasariharitha@gmail.com

ABOUT ME

I am a dynamic and motivated Bachelor of Technology graduate with a strong foundation in software development and emerging technologies. Proficient in Python programming, web development, and data science, I have hands-on experience in VLSI design and deep learning projects. I am eager to leverage my technical skills and certifications in data science, IoT, and networking to contribute to innovative technology solutions as an entry-level professional

EDUCATION

2022 - 2025   **B.Tech in Electronics and Communication Engineering**
Malla Reddy College of Engineering for Women

2019-2022   **Diploma in Electronics and Communication Engineering**
Government Polytechnic- Masab Tank

CERTIFICATIONS

Cisco Certificate for Introduction to Data Science

Comprehensive understanding of data science fundamentals, analytics, and practical applications

NPTEL Certification for Introduction to IoT

Expertise in Internet of Things concepts, architecture, and implementation strategies

NPTEL Certification for Computer Networks and Internet Protocol

Advanced knowledge of network protocols, TCP/IP, and network infrastructure

PROJECTS

- Efficient Modular Adder Designs Based on Thermometer and One-Hot Coding and Optimizing Heart Failure Prediction from Heart Sounds Using CNN
- Designed and implemented advanced modular adder architectures using thermometer and one-hot coding techniques
- Processed and analyzed heart sound data to identify patterns indicative of heart failur

SKILLS

- CSS
- HTML
- IoT
- Python

STRENGTHS

- Continuous learning and adaptability

- Problem-solving and analytical thinking

- Team collaboration and communication
